

KATHLEEN TURNER

February 14, 2003

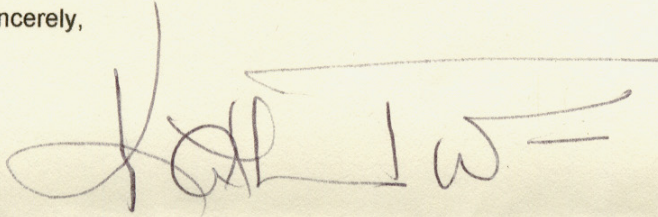

To whom it may concern:

I have hired Hilary Borget to cater a number of social events in my home. She has performed flawlessly. Not only was the food delicious, but the presentation and variety were delightful. She organized everything from The Party Rentals to the cleanup.

We first met Hilary when she was the Chef at Nick & Toni's Cafe where my family would dine regularly. When she left there we stayed in touch and she is now the first one I call for all my special events.

I can enthusiastically recommend her for any type of event.

Sincerely,
